EXHIBITION AREA

Exhibitor profiles

Alimentos Cuba 2.0 is a commercial platform whose goal is to revitalise and **modernize the industry and increase its production capacity** as well as promoting foreign investment.

The show will offer a 3D experience for learning about the latest innovations in the sector and getting ready for their launch on the market: **exhibition, business rounds and knowledge-sharing.**

Powered by:

Organised by:

KNOWLEDGE AND SEMINARS

Talks Arena

A stage for professionals to present the most innovative projects in the industry through seminars, training workshops and commercial presentations.

International Conference of Food Science and Technology (CICTA)

The CICTA will take place at the same time as Alimentos Cuba 2.0 in the Conventions Palace. Organised by the Food Industry Research Institute (IIIA).

www.cictahabana.com

THE IDEAL PLATFORM FOR THE FOOD INDUSTRY

+ 3000
professional visitors

Scientific hubs and R&D&I in the food industry

Distributors, investors and industrial manufacturers

Business groups, exporters and central purchasing networks

Engineering services and prescribers

Business rounds

With the support of the Cuban Chamber of Commerce, we are **promoting relations between international companies and Cuban public** organisations to foster sustainable development in the food industry in Cuba.

For exhibitors only.

Investment forum

With the collaboration of PROCUBA, there will be presentations of business projects for foreign investment (more than 2.42 billion euros for over 63 projects), associated with the **Food Industry Development Programme for 2030** and the prospects offered by the **Mariel Special Development Zone (ZEDM)**.
